

src/libsvm/PlattProbModel.hh

```
graph TD; A[src/libsvm/PlattProbModel.hh] --> B[config.hh]; A --> C[vector];
```

The diagram illustrates the dependencies of the file `src/libsvm/PlattProbModel.hh`. It is represented as a box at the top with two arrows pointing downwards to two other boxes: `config.hh` on the left and `vector` on the right.

config.hh

vector
