

src/liblabelling_qt4
/ChannelSpecsRenderer.hh

```
graph TD; A["src/liblabelling_qt4<br/>/ChannelSpecsRenderer.hh"] --> B["config.hh"]; A --> C["QtCore/QObject"]; A --> D["blitz/array.h"]
```

The diagram illustrates the dependencies of the file `src/liblabelling_qt4/ChannelSpecsRenderer.hh`. It is represented as a central grey box at the top. Three blue arrows point downwards from this box to three separate white boxes below it. The first arrow points to `config.hh`, the second to `QtCore/QObject`, and the third to `blitz/array.h`.

config.hh

QtCore/QObject

blitz/array.h
